People Bhumiti (a spelt name) is also used as the name of the following people Places Bhumiti (a spelt name) is also used as the name of the following places References Category:Hindustani-language surnames| "images": [{ "filename": "ic_undo.png", "idiom": "universal", "scale": "1x" }, { "filename": "ic_undo_2x.png", "idiom": "universal", "scale": "2x" }, { "filename": "ic_undo_3x.png", "idiom": "universal", "scale": "3x" }], "info": { "author": "xcode", "version": 1 } } Q: How to get an image from a shared folder to my iOS App in Swift I would like to get an image from a shared folder and show it in my app, it must be achieved in swift. Here's my code, which crashes when I run the app: func imagePickerController_ picker: UIImagePickerController, didFinishPickingMediaWithInfo info: [UIImagePickerController.InfoKey : Any]) { if let image = info[UIImagePickerController.InfoKey.originalImage] as? UIImage { let path = (info[UIImagePickerController.InfoKey.originalImage] as? UIImage)!.pngData()?.toData() ?? Data() let url = URL(fileURLWithPath: path, isDirectory: false) let image = UIImage(contentsOfFile: url.path) ?? UIImage(named: "ic_undo.png")
