breakfast food for sharing:

flavor, recipes and.Q: Autofac and ASP.Net Master pages in the same project I am writing an application in ASP.Net MVC2 using Visual Studio 2008. I am using Autofac (including Active Inject) as my IoC and DI. I have a 'resolver' class which I use to resolve the controller instance: public class Resolver :

```
IRequestScopeFactory {  
public IController Resolve() {  
var controller =  
Container.Resolve(); return  
controller; } } The Controller  
has a dependency on the  
'Viewmodel' class.  
container.Register(() => new  
Resolver ba244e880a
```
