A: Quick Answer According to a USDA Food Composition Database entry, the ACE of a half gallon of milk is 22.55, which equates to about 28 percent of the Daily Value of a half gallon of milk. The Daily Value of a half gallon of milk is 40 percent of the Daily Value of a cup of milk. Keep Learning The Daily Value of a half gallon of milk is two cups, the same as the Daily Value of a cup of milk. The ACE, or Antioxidant Capacity, is equivalent to the Daily Value divided by 4, or 0.8 times the Daily Value. Hundreds of US school children receive free tickets to some of the world's most glamorous sporting events as part of a scheme intended to help poor communities "discover their athletic potential". The American Youth Football programme, which began in 2005, hands out hundreds of tickets at some of the country's most famous football matches for free. Last week, a group of 125 US children were flown to Paris to watch their beloved Philadelphia Eagles play against the New Orleans Saints in the first round of the SuperBowl. Sticks, balls, jerseys, free tickets to national teams, and trips to the University of Notre Dame – the programme is designed to give underprivileged school children the chance to experience American football at the top level. Ticketholders to the National Football League (NFL) game last month between the Philadelphia Eagles and the Pittsburgh Steelers received the opportunity to attend the Eagles' practice after the game. Expand Close (PA) / Facebook Twitter Email Whatsapp (PA) The all-expenses-paid package included three-night hotel accommodation for the children, a coach, a tutor and even a ride in a police car. The charity described it as "the world's first school-based fan programme". The American Youth Football Foundation (AYFF
